## **DETAILED ACTION**

### ***Response to Amendment***

The reply filed on 1/6/06 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant has canceled all previously pending claims and added claims drawn to a separate and distinct species from that of the originally elected claims 1-10, consequently the claims are withdrawn under the doctrine of election by original presentation and no active claims are pending in the case. Thus the amendment is nonresponsive. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

### ***Election/Restrictions***

Newly submitted claims 29-34 and 9-10 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: claimed 29-34 pertain to a method including a specific flow ratio and deposition rate; originally elected claims pertained to a method of forming an oxide to an acceptable thickness

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 29-34 and 9-10 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
